6   What is a core principle behind the
     Agile methodology?

○ ● Continuous
     delivery of
     valuable
     software

○   Ensuring that
     the project
     duration is as
     long as
     possible.

○   Well-defined
     requirements

○   Using online
     collaboration
     tools

7   What is the typical duration of a Mendix
     sprint?

○   1 week

● 1- 2 weeks

○   6 weeks

○   1 month

8   What is the result of a Sprint?

○   A final project

● A product
     increment

○   Product
     feedback

○   A product
     feature

9   What needs to be clearly stated in a
     User story?

⦿   The time it will
     take to build
     the feature

○   The design of
     how the
     feature is
     going to work

○   The deadline
     for the feature
     to be released

○   The value for
     the user

10   What do story points represent?

○   The priority of
     the feature

○   How much
     time it will take
     to finish a
     feature

○   The number of
     members
     needed to
     finish that user
     story

⦿   The effort
     needed to
     finish a user
     story
